

Enerlites®

TOGGLE SWITCH, LIGHTED RESIDENTIAL GRADE

MODEL NO: 88115L

DESCRIPTION

The ENERLITES 88115L switch makes installation quick and simple with its versatile design. This switch features side mount wiring as well as push-in wiring on the rear (for use with copper wiring). The impact resistant thermoplastic body is built strong to endure years of use as well as being resistant to a wide temperature range. Toggle switch illuminates when load is off.

FEATURES

- Faster installation with combination of side wiring and push-in wiring
- Push-in terminals accept #14 solid wire only
- Easy-access green hex head ground screw
- Steel mounting strap, made of galvanized steel for corrosion resistance
- Removable yoke tabs for ideal alignment
- Large head combination screws for fast wiring
