

Enerlites®

WI-FI SMART 3-WAY SWITCH

MODEL NO: WF3K

DESCRIPTION

The ENERLITES WF3K switch easily adds 3-way lighting control. This switch allows for the ENERLITES WF500D dimmer switch to be installed in 3-way applications in which a single light is controlled from two separate locations, such as in a staircase, hallway, or multi-entrance room. This add-on switch will mirror the same functions as the dimmer it is paired with. Use the WF500D add-on wall switch to reduce energy consumption and provide more convenience.

FEATURES

- Works with ENERWAVE Wi-Fi App, no hub required
- Compatible with Amazon Alexa/Google Home for voice control
- Requires in-wall installation with hard wired connections - neutral wire required
- Compatible with different loads including LED
- Save energy by automating ON/OFF times or using timer
- Works with WF500D for Multi-Location ON/OFF and Dimming Control

SPECIFICATIONS

Voltage 120VAC

TESTING & CODE COMPLIANCE

APPLICATIONS

- Homes
- Apartments
- Condominiums
- Offices
