

Enerlites®

Z-WAVE 3-WAY SWITCH

MODEL NO: ZW3K

DESCRIPTION

The ENERLITES ZW3K switch easily adds 3-way lighting control to a variety of Z-Wave smart switches. This switch allows for single pole Z-Wave devices to be installed in three-way applications in which a single light is controlled from two separate locations, such as in a staircase, hallway, or multi-entrance room. This add-on switch will mirror the same functions as the device that it is paired with.

FEATURES

- Alexa/Google Home voice control compatible - requires a Z-Wave Hub
- Increased energy efficiency with our Smart Meter Energy Monitoring technology
- Works with ON/OFF Switch (ZW15S/ZW15SM) and Dimmer Switch (ZW500D/ZW500DM) in order to control one light/load from two locations
- Requires in-wall installation with hard-wired connections - neutral wire required
- Compatible with different loads
- Control many devices with a single controller locally, or via a computer/ mobile phone remotely
- Wireless range: up to 100 feet (30 meters)

SPECIFICATIONS

Voltage 120VAC, 60Hz

TESTING & CODE COMPLIANCE

APPLICATIONS

- Homes
- Apartments
- Condominiums
- Offices
- Hotels
