

Enerlites®

DECORATOR ADAPTER DIMMER PLASTIC SHAFT ADAPTER

MODEL NO: 6061

DESCRIPTION

The ENERLITES 6061 shaft decorator adapter allows the use of rotary dimmers or to pull through AV or telephone cable. Made of polycarbonate thermoplastic they are manufactured to provide durability, flexibility, and resilience to bending and high-impacts. They are also heat & fade resistant to temperatures over 100 degrees which protects them from fading and discoloration over time. Their smooth finish provides an attractive look and makes them easy to clean.

FEATURES

- Permits the use of rotary dimmers or to pull through AV or telephone cable
- High-impact resistant thermoplastic frame
- Perfect for home and office
