

Enerlites®

GOLD F-TYPE COUPLER BULKHEAD FEMALE TO FEMALE

MODEL NO: 6101

DESCRIPTION

The ENERLITES 6101 RG6 coaxial keystone jack insert provides a secure and quick way to connect an RG6 coaxial cable to your wall-mounted TV. These commercial grade inserts provide a time-saving and tidy alternative to running long coax cables across the floor. Made of polycarbonate thermoplastic they are manufactured to provide durability, flexibility, and resilience to bending and high-impacts.

FEATURES

- Quick and secure snap-in design
- Use with multimedia plates and decorator frames
