Enerlites®

HDMI KEYSTONE WITH PIGTAIL

MODEL NO: 6108

DESCRIPTION

The ENERLITES 6108 HDMI keystone Jack insert provides a professional looking installation for home theater A/V configurations with a wall mounted HDTV. These keystone inserts are compatible with wall plates with standard sized keystone openings including ENERLITES 1 to 6 port wall plates. Made of polycarbonate thermoplastic they are manufactured to provide durability, flexibility, and resilience to bending and high-impacts.

FEATURES

- Quick and secure snap-in design
- Use with multimedia plates and decorator frames
