

Enerlites®

BANANA KEYSTONE JACK INSERTS

MODEL NO: 6109

DESCRIPTION

Enerlites Banana Plug Binding Post Keystone Jack Inserts provide a simple way to connect speakers across the room or down the wall. Conceal speaker wire in the wall instead of fastening it to the baseboard for a secure and professional installation. These keystone inserts are compatible with wall plates with standard sized keystone openings including Enerlites data-com inserts.

FEATURES

- Quick and secure snap-in design
- Use with multimedia plates and decorator frames
