

DECORATOR ADAPTER 1-PORT KEYSTONE PLATE

MODEL NO: 6261

DESCRIPTION

The ENERLITES 6261 decorator wall plate insert is used to install low voltage keystone inserts. Made of polycarbonate thermoplastic they are manufactured to provide durability, flexibility, and resilience to bending and high-impacts. They are also heat & fade resistant to temperatures over 100 degrees which protects them from fading and discoloration over time. Their smooth finish provides an attractive look and makes them easy to clean.

FEATURES

- Decorative single-gang wall plate with keystone jack port
- Made of unbreakable polycarbonate and provides high resilience against stress, strain and heat.
- Compatible with RJ45, RJ11, Cat6, Cat6e, Cat5, F-type Coaxial connector, and more.
