

Enerlites®

DUPLEX RJ11 JACKS, 6-POSITION, 6-CONDUCTOR

MODEL NO: 6503

DESCRIPTION

The ENERLITES 6503 RJ11 jack adapter offers voice devices to fit within a decorator wall plate. Made of polycarbonate thermoplastic they are manufactured to provide durability, flexibility, and resilience to bending and high-impacts. They are also heat & fade resistant to temperatures over 100 degrees which protects them from fading and discoloration over time. Their smooth finish provides an attractive look and makes them easy to clean.

FEATURES

- High-impact resistant thermoplastic frame
- Perfect for home and office
