

OPENING MODULAR TELEPHONE JACK, ONE RJ11 JACK 6-POSITION, 4-CONDUCTOR

MODEL NO: **6611**

DESCRIPTION

The ENERLITES 6611 plate provides a wall-mounted connection for all RJ11 cables. Made of polycarbonate thermoplastic they are manufactured to provide durability, flexibility, and resilience to bending and high-impacts. They are also heat & fade resistant to temperatures over 100 degrees which protects them from fading and discoloration over time. Their smooth finish provides an attractive look and makes them easy to clean.

FEATURES

- High-impact resistant thermoplastic plate
- Meets FCC part 68
- Perfect for home and office
