

Enerlites®

LEVELING RING FOR ROUND FLOOR BOX COVERS

MODEL NO: **ENLC001LR**

DESCRIPTION

The ENERLITES ENLC001LR PVC leveling ring allows a single gang duplex receptacle to be mounted inside of an ENERLITES ENLC001 floor box. The adapter ring also allows a 4" diameter round cover to be mounted when combined with a 5.25" cover flange. Any ENERLITES 5.75" covers can be mounted directly with the leveling ring. The ENLC001LR is only compatible with ENERLITES 4" round covers, 5.25" flanges, and 5.75" round covers.

FEATURES

- Nonmetallic PVC construction
- Compatible with ENERLITES 975516-S, 975516-C, 975517-S, 975517-C, 975519-S, 975519-C, 975501-SS and 975501-C
