

Enerlites®

WEATHERPROOF ENCLOSURE 2-GANG EXTRA-DUTY

MODEL NO: IUC2V-D

DESCRIPTION

The ENERLITES IUC2V-D is a 2-gang receptacle cover designed for outdoor use. The UV resistant poly-carbonate cover and base protect wiring devices from the elements without breaking, cracking or discoloration. Stainless steel hinge pins offer added strength and resistance to the rigors of daily use. The IUC2V-D is ideal for use with lawn equipment, pools, hot tubs, holiday and landscape lighting, outdoor entertainment systems, barbecues, fountains, vending machines and other outdoor electrical applications.
