FLUSH ROUND FLOOR BOX COVERS

5.75" DIA. FLIP LID COVER PLATE WITH 20A
TAMPER & WEATHER RESISTANT RECEPTACLE

MODEL NO: **975517-S, 975517-C**

DESCRIPTION

The ENERLITES 975517-S & 975517-C round floor box cover can be installed in hardwood, tile, carpet, marble and granite flooring or countertops. This flip-lid cover comes with one 20A tamper/weather-resistant duplex receptacle, which features internal shutters to prevent the insertion of foreign objects. The watertight gasket and corrosion-resistant hardware ensures longer product life and reliable performance.

FEATURES

- 20A 125V tamper/weather-resistant receptacle.
- For use with carpet and wood floors. Also great for counter-top applications.
- Flooring types: tile, stone, wood, laminate, carpet, concrete and vinyl.
- Wiring accepts #12-10 AWG stranded and solid copper wire.
