

Enerlites®

DUAL SLIDE LED DIMMER 2-SINGLE POLE

MODEL NO: 57007

DESCRIPTION

Enerlites dual slide LED dimmer switch provides precise control over the brightness of your LED lighting fixtures. Featuring two slide controls, it allows you to independently adjust the brightness of two separate light sources, offering customizable illumination to suit any mood or occasion. Designed for compatibility with LED bulbs, this switch ensures smooth dimming performance without flickering or buzzing, enhancing both ambiance and energy efficiency in your home or workspace.

FEATURES

- Provides wider dimming range for dimmable LED and CFL bulbs than standard incandescent dimmers
- Suitable for multi-gang installations
- Dim lighting for increased energy savings
- Designed for compatibility with most high efficiency light bulbs
- Terminal screws provide easy installation
- 2-Single Pole

SPECIFICATIONS

Voltage	120VAC, 60Hz
Incandescent/Halogen	300W Per Load
Dimmable LED/CFL	200W Per Load
Warranty	2 Years
